

AQUATIC

SPONSORSHIP PACKAGE

Sponsorship of the Aquatic Conference places you at the heart of the conversation. Take the stage and share your organization's contribution to resolving the challenges in Asia Pacific's aquatic scene across the four content pillars of Feed Ingredient Sourcing & Feed Quality, Disease Control & Biosecurity, Innovation for the Future, and Policy, Partnerships & Sustainable Future.

With the Platinum package you not only lead the conversation, you also have the opportunity to expose your brand to 9,000 visitors interested in animal health and nutrition. Your dedicated, pre-built booth allows to you show-up, network, generate leads, and expand your business through the multiple branding activities included in the package.

The Speaking and Brand Awareness package focusses on thought leadership and allows for limited brand exposure. This package is ideal for businesses that aim to share knowledge but are not after an all-inclusive solution to boost their brand image and networking potential.
